Edmund G. Brown Jr.  
Governor

Reference No. A-2011-213

June 20, 2011

Mr. Aaron Neumann  
Automotive Performance Systems, Inc.  
3300 Corte Malpaso  
Camarillo, CA 93012

Dear Mr. Neumann:

This is in response to your request, on behalf of Automotive Performance Systems, Inc., to update Executive Order D-236-13 to include the 2011 model year for the Neuspeed P-Flo Intake Kit.

Enclosed please find Executive Order No. D-236-14, permitting advertisement, sales, and installation in California of the Neuspeed P-Flo Intake Kit manufactured by Automotive Performance Systems, Inc. for those vehicles listed in the enclosed Executive Order. Please note the Executive Order number which must be printed on the identification label and affixed on or near the device.

No changes are permitted to the device as described in your application. Any changes to the device, applicable model-years, etc., must be evaluated and approved by the Air Resources Board.

No claim of any kind, such as "Approved by the Air Resources Board" or "reduces emissions", may be made with respect to the action taken herein in any advertising or other oral or written communication.

If you have any questions, please contact Ms. Rose Castro, Manager, Aftermarket Parts Section, at (626) 575-6848.

Sincerely,

Annette Hebert, Chief  
Mobile Source Operations Division

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.*

California Environmental Protection Agency

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-236-14

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Automotive Performance Systems, Inc.  
Neuspeed P-Flo Intake Kit

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the Neuspeed P-Flo Intake Kit, manufactured and marketed by Automotive Performance Systems, Inc., 3300 Corte Malpaso, Camarillo, California 93012, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following vehicles listed in Exhibit A.

The Neuspeed P-Flo Intake Kit consists of an air intake tube and an open element filter. The stock mass air flow sensor is in its stock housing and installed in its stock location.

This Executive Order is valid provided that the installation instructions for the Neuspeed P-Flo Intake Kit will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the Neuspeed P-Flo Intake Kit, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Neuspeed P-Flo Intake Kit advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Neuspeed P-Flo Intake Kit using any identification other than that shown in this Executive Order or marketing of the Neuspeed P-Flo Intake Kit for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Neuspeed P-Flo Intake Kit may have on any warranty either expressed or implied by the vehicle manufacturer.
